Background:

The International Solar Alliance (ISA) is a treaty-based inter-governmental organization providing a dedicated platform for cooperation among its member countries. The primary objective of the Alliance is to work for efficient and affordable utilization of solar energy to realize the objectives under the Paris Agreement.

Duties and Responsibilities:

The ISA proposes to engage an *Advisor*, a high-level consultant, to help in conceptualizing, planning, designing programme & policies, use of global best practices and their implementation across the ISA member countries. The Advisor will support ISA's efforts to assist its member countries in achieving the common goals of achieving access to energy, use of solar energy in meeting energy needs of prospective ISA member countries and pursuing low emission trajectories by accessing innovating financing instruments, as per ISA's Framework Agreement. In addition, any other tasks assigned by DG.

Relevant Experience & Requirements:

- Extensive experience in working as head of large financial institution / bank or at senior position in a multilateral agency;
- Experience in financing, resource mobilization, technical assistance programmes, dealing with technical, economic, financial & policy formulation aspects of solar / RE sector.
- Graduate with multi-disciplinary qualification in Engineering / Finance / Law / Management would be preferred.
- Should have worked as a Secretary to the National Government or its equivalent with engineering background or any of the above.

The Advisor will report to Director General, ISA, and to be posted at its Headquarters in Gurugram.

Consolidated professional fee:

Commensurate with academic qualifications, total experience, domain expertise and knowledge required for the deliverables, as per extant ISA rules, will be income tax free.

Transportation: The ISA secretariat will provide a hired taxi for pick up, drop off and other official uses.

Tenure: will be initially for a period of one year, which could be further extended as per requirement and budget availability of the ISA.

Deadline:

All applicants are requested to send their applications along with the latest CV to sudhakar@isolaralliance.org on or before 12 midnight (IST) of 17th April 2019. Only shortlisted candidates will be contacted. You can also send your applications by courier also at the following address:

Mr. Sudhakar Upadhyay
Secretariat of International Solar Alliance,
Surya Bhawan, National Institute of Solar Energy Gurugram – 122003 (Haryana).
