

No. 23/98/2018/SRS/R&D (ISA)

Dated the May 17, 2019

Subject: Request for participation in the consultation meeting by the stakeholders from ISA member countries – regarding:

International Solar Alliance (ISA) is going to develop a 3–4 months training & placement project for technicians from ISA Member Countries in the field of solar energy in the pattern of *Suryamitra* program of India at no cost to Member Countries. The training program will develop technicians in the field of solar energy to support the ISA programs viz. 1. Scaling Solar Applications for Agriculture Use; 2. Scaling Solar Mini Grids & 3. Scaling Rooftop Solar.

Industry, Training Institutes, Stakeholders active in the field of solar energy from all over the Globe are hereby invited and requested to participate in the consultation for development of Training & Placement Project for technicians. The consultations will be held three times i.e. on 20th May 2019, 20th June 2019 and 19th July 2019 at 11:00 hrs IST in ISA Headquarters. All stakeholders can join the meetings by using the web link to be provided on the ISA Website on the time fixed for the meeting, in case they are not able to be physically present.

The stakeholders can suggest about the contents, duration of theory and practical classes and the assistance the Industry and Training Institutes can offer during training. The placement of trainees after the completion of training in their respective countries may also be considered while designing the course. The role of industry is very critical in the success of training. The suggestions can also be sent to ISA Secretariat by email to pcsharma@isolaralliance.org
