ANNEX 1: SCHEDULE OF REQUIREMENTS

1. BACKGROUND

The International Solar Alliance (ISA) is an inter-governmental organization headquartered in Gurgaon, India. Currently 110 Countries have signed ISA Framework Agreement of which 90 Countries have ratified the Agreement. The membership is open to all the UN recognized Countries. The vision and mission of the ISA is to provide a dedicated platform for cooperation among countries where the global community, including bilateral and multilateral organizations, corporates, industry, and other stakeholders, can make a positive contribution to assist and help achieve the common goals of increasing the use of solar energy in meeting energy needs of ISA Member Countries in a safe, convenient, affordable, equitable and sustainable manner. For further information about ISA, kindly refer ISA website- https://isolaralliance.org/.

2. Scope of work:

   a. Project Title

      Development of a comprehensive data repository of all regulations of ISA member countries relating or impacting on renewable or clean energy.

   b. Project Description

      Energy access, energy security and Energy Transition are ISA’s highest priorities for the future, as a key driver for inclusive growth. To achieve this, ISA developed a 5 year strategic plan which primarily focused on Analytics & Advocacy, Capacity Building and Programmatic Support. Under the Analytics & Advocacy arm, the ISA seeks to support Member Countries in the formulation of policies and regulations by developing a repository which collates all regulations relating to solar energy including but not limited to electricity, renewable energy, import, export, taxes etc from all its member countries.

      The primary objective of the project is to build the contents of a repository which would serve as a resource repository dedicated to the collation of all laws, regulations, policies and rules relating to clean energy in ISA member countries.

   c. Scope of Work

      a) Develop an ISA region-wise strategy for collation and updating of legal and regulatory documents relating to solar energy from ISA member countries.

      b) Collate all the laws, regulations, policies and other instruments relevant to clean energy, including but not limited to, electricity, renewable energy, companies, competition, customs and duties, import and export, foreign investment, foreign exchange, tax etc in ISA member countries.

      c) Collate of all literature relating to the above-mentioned areas of law, including but not limited to, legal case studies, comparative analysis, articles, research papers from reputed Universities, International Organizations and solar energy organizations from the year 2018 to March 2023.

      d) Sort the documents based on relevant classifications, for ease of access and research, including any other sort categories that ISA may specify.

      e) Work closely with the legal unit to assist with tagging of documents for search engine optimization.

      f) The successful bidder will work closely with ISA officials and any other officials that the ISA may require the bidder to work with.
g) The successful bidder may have to make presentations of the work done to the officials of ISA.

d. Reporting
   a) The successful bidder will be directly responsible to, reporting to, seeking approval/acceptance of output from legal unit.
   b) The successful bidder will provide an update on the progress on a weekly basis through an email and check-in meetings; and report any hurdles in meeting the scope of work as soon as possible. In addition, the successful bidder will provide a detailed progress report every fortnight outlining the progress made against the timeline.

e. Duration of the Work
   The total duration of the contract will be 6 months from the contract start date (tentatively, 10th February 2023), with different deliverables slated for earlier months. The successful bidder is expected to dedicate adequate time required to meet the timeline provided while ensuring the quality of the deliverable is satisfactory to ISA.

f. Duty Station
   Remote working. However, upon request from ISA, the successful bidder may have to travel to the ISA Headquarters (Gurgaon, India) at the successful bidder’s own expense.
